FLEXIBLE STYRENE DISPLAY SIGNS

NTXPrint | Artwork setup guide

Select dimensions and download the exact-size template.

Artwork equals ordered size. Do not add bleed or crop marks.

Sizes: 6 x 6 through 48 x 96 inches, either orientation.

One single-page CMYK PDF or JPEG, 150 PPI. Outline fonts.

Keep essential content at least 0.25 inch inside every edge.

Keep text clear of grommets; extend backgrounds to all edges.

Remove template guides and instructions before uploading.

Single-sided printing on flexible .020-inch white styrene.

Finished dimensions may vary slightly; check frame tolerances.
