# Reflective Car Magnets

## Custom-size artwork and template guide

1. Enter your width and height on the product page.
2. Choose straight corners or a rounded-corner radius.
3. Download the template generated for that exact selection.
4. Build artwork at the ordered size with no added bleed.

Minimum: 6 x 6 inches. Maximum: 36 x 96 inches.

Sizes may be rotated. Enter up to two decimal places.

Corner radii: 0.25, 0.5, 0.75 or 1 inch; or straight corners.

Keep important content at least 0.25 inch inside every edge.

Extend background artwork to the full page edges.

Supply one single-page PDF or JPEG, CMYK, 150 PPI.

Outline fonts and remove all guides and crop marks.

Test that your vehicle panel accepts magnets before ordering.

Each magnet is single sided and sold individually.

This instruction sheet is not an artwork canvas.

Use the exact-size template generator below.
